## Spay/Neuter grant project questions

- 1 Describe and quantify, to the extent possible, the pet overpopulation problem in your community using your organization's data and any other meaningful estimates.

- 2 What experience does your organization have running spay/neuter projects?

- 3 Please describe any previous work done in this/ each of these community in the past?

- 4 How did you come to the estimate of unfixed cats? Please provide a response for each individual community you are applying for.

- 5 Describe your relationship within the First Nation community. Please provide a response for each individual community you are applying for.

6	Describe what community collaborations, if any, exist and how this grant will foster the creation or growth of those collaborations.
7	Please explain your implementation plan for executing and completing this project successfully within the timelines of the grant program.
8	What system do you have in place to ensure that you will complete the number of surgeries listed above? Please outline staff/volunteers and their roles.

**Please confirm:**

- I have read and understood the 2021 Community Animal Spay Neuter Grant Program Guide
- A letter from the First Nation Band Council is provided with this application.
