Grant Project Questions

1 Describe and quantify, the cat overpopulation problem in your community using available data and any community information. If you are a former grantee, please include information on the status of previously funded cat groups and the impact.

2 What experience does your organization have implementing spay/neuter projects?

3 How many cats does your organization Trap-Neuter-Return in a year on average?

4 Describe the current status of each of the cat group(s) you are applying for and any previous work done in this/these group(s) in the past? Include details on spay/neuter status, terrain details, health status, and group growth.

5	How did you come to the estimate of unfixed group cats? Provide a response for each individual cat group you are applying for.
6	Describe your relationship with each of the group caretakers you plan to work with to complete this project.
7	Explain the implementation plan for this project within the timelines of the grant program.
8	Does your program include community engagement and education on community cats? Please describe.

I have read and understood the 2023 Community Animal Spay/Neuter Grant Program Guide

Next Steps to Complete and Submit Your Application

1. Obtain required accompanying documents:
 - Veterinary Letter: completed by veterinarian with committed rates, one letter per participating clinic. Template provided on the website.
 - Letters of Support from Partners: If the project includes a partnership, a letter of support must be provided from the partner.
2. Submit Application:
 - Email completed application to spayneuter@spca.bc.ca

****IMPORTANT NOTE**** All applications must be received by mail or by email no later than February 24, 2023.
Any application received after this date will not be reviewed by the BC SPCA.
