

YOU CAN HELP HUMANELY CONTROL RODENTS

Even though rodents and other wild animals can pose a health risk or be seen as a nuisance, they don't deserve to be treated inhumanely.

The BC SPCA's mission is to enhance the quality of life for domestic, farm and wild animals in British Columbia.

Have questions about how you can improve animal welfare in your community?

animalbylaws@spca.bc.ca

The BC SPCA respectfully acknowledges that we live, work and play on the unceded traditional territories of the numerous and diverse First Nations within British Columbia.

We express our gratitude to all Indigenous communities - First Nations, Métis and Inuit - for stewarding and sharing this land.

? WHY IS THIS AN ISSUE?

Each year, millions of rodents and other animals suffer cruel deaths from inhumane pest control methods like glueboards and poison. Rodents trapped on glueboards often die slowly from suffocation, dehydration or exposure. Birds, small animals such as squirrels or chipmunks, and cats can also be trapped and die on glueboards.

Rodent poisons (rodenticides) cause a slow, painful death and can also kill owls, eagles, cats and dogs who eat poisoned rodents or the poison itself.

Thanks to action by thousands of animal welfare supporters and over 20 B.C. municipalities, the provincial government announced a temporary ban on three specific second-generation anticoagulant rodenticides in July of 2021, then a permanent ban set for January 21, 2023. Find out more [here](#).

WHAT CAN WE DO?

You can personally take steps to rodent-proof your home, car or office, use [AnimalKind](#) standards to humanely control nuisance wildlife and encourage your friends and neighbours to do the same. As a local government, you can adopt policies to ban the use of all types of harmful rodenticides and glueboards on all municipal property and educate your residents on humane methods of rodent control.

WHO ELSE HAS TAKEN ACTION?

At least 23 B.C. municipalities (listed [here](#)) have passed motions or bylaws to ban all rodenticides (not just second-generation anticoagulants) on all municipal property to focus on prevention, exclusion and humane control.

Find more BC SPCA-recommended progressive bylaws [here](#).
