LET'S CREATE A KINDER FUTURE FOR ANIMALS TOGETHER!

KARMA, SCOUT AND LUNA...

On a cold winter day, a car with flat tires was towed to a tire shop for scrapping. The vehicle's interior was filthy and abandoned, but what the staff found inside was truly shocking: a young cat and her two tiny kittens huddled together in the back seat, frightened and alone. Thankfully, the kind-hearted staff quickly brought the little family to a nearby animal hospital, who reached out to their local BC SPCA Centre. From that moment on, their lives began to change.

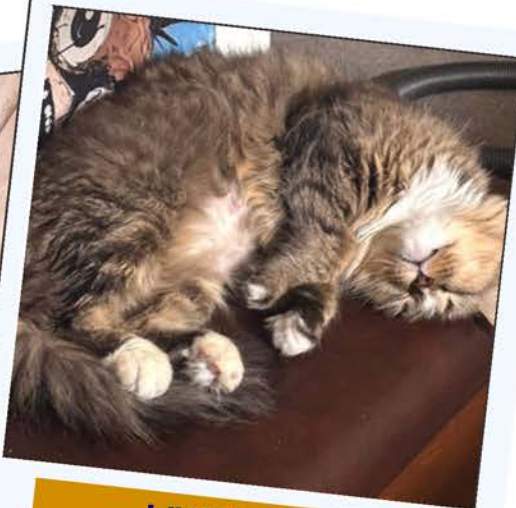

**DISCOVERED IN AN
ABANDONED VEHICLE**

Karma and her kittens were placed in the loving care of a BC SPCA foster home, where they finally had warmth, comfort, and the chance to heal. With weeks of gentle attention and expert care, the once-scared, dehydrated and hungry trio began to thrive.

**CUDDLY KITTENS WITH
THEIR NEW FAMILY**

**LIVING THE
PURRFECT DREAM**

We're thrilled to share that Karma has found her forever home, and her kittens were adopted together into a loving family! From being trapped in a freezing car to curling up in cozy laps, they're now living the safe, joy-filled lives they always deserved.

YOUR KINDNESS GIVES HOPE TO ANIMALS JUST LIKE KARMA, SCOUT AND LUNA AND PROVIDES THEM WITH A SECOND CHANCE AT A HAPPY LIFE!

MAKE A PAWSITIVE IMPACT!

PARTNER SPOTLIGHT: YELLOW DOG BREWING

Since 2014, Yellow Dog Brewing, led by founder Melinda Coghill, has been pouring their heart into animal welfare. Their love for animals has fuelled over a decade of partnership with the BC SPCA that continues to grow stronger each year.

In 2022, we teamed up to launch the annual ‘**Make Your Pet A Yellow Dog Brewing Star**’ contest. Participants fundraise for a chance to feature their pet on a limited-edition can of Starborn beer. To date, the contest has **raised over \$625,000 for the animals!**

Yellow Dog Brewing’s impact doesn’t stop at this campaign. Over the past decade, they’ve:

-  Sponsored key BC SPCA events like **Lock-In for Love** and **Offleashed** galas.
-  Raised over \$700,000 through contests, events, and beer sales.
-  Inspired a company-wide culture of compassion. The Coghill family themselves are proud BC SPCA alumni guardians, including their latest BC SPCA rescue pup Lucy, a Pittie cross. Inspiring many of their staff to continue following the Adopt Don’t Shop mentality, fifteen of the Yellow Dog staff have rescued an animal.

In recognition of their unwavering support, we proudly highlighted Yellow Dog Brewing in our Generosity in Action feature and successfully nominated them for Outstanding Small Business at the AFP Giving Hearts Awards in 2023.

YOUR PARTNERSHIP MAKES A DIFFERENCE

Every commitment you make helps the BC SPCA protect and care for animals across British Columbia, from dogs and cats to farm animals and injured wildlife. Here's what your generosity makes possible:

\$567

CALLIE

17-year-old Callie was surrendered to the BC SPCA when her guardian faced serious health issues. A gift of \$567 provides three weeks of specialized care for senior animals like Callie while they wait for a second chance.

\$1,000

EWOK

Ewok came in as one of 66 dogs rescued from a puppy mill. \$1,000 covers the specialized care and behavioural management plans for animals that are fearful, aggressive or under socialized, just like Ewok.

\$2,738

MISSY

Missy was attacked and left for days without care, her front leg badly broken and infected. She was rescued through an animal protection investigation and rushed to emergency care. \$2,738 provides urgent veterinary treatment, including surgery, medication, and rehabilitation, for animals like Missy.

\$10,000

DAWN

DUSK

Dawn and Dusk were seized by a BC SPCA animal protection officer after being found suffering in a small, muddy paddock where their basic needs were being neglected. Investigations like this can take thousands of hours of staff time and extensive resources. \$10,000 funds large-scale and complex investigations so animals like Dawn and Dusk will never know cruelty again. Today, these two gentle souls are thriving in their forever home, surrounded by love, sunshine and open fields!

\$43,000

INJURED RACCOON

This young female raccoon arrived at Wild ARC after being struck by a vehicle. She required 70 days of specialized care before making a full recovery and returning to the wild. \$42,000 can feed over 140 different species at Wild ARC every day for a whole year.

FOR

PAWS

Some words from our valued partners:

"Good companies look for good causes to enhance their cultures. When the idea of partnering with the BC SPCA and its incredibly important work was raised, it was enthusiastically received by staff and clients alike. Over our 5-year relationship with the BC SPCA, we have acquired three new companies, and each of them has embraced the partnership with both financial support and volunteer events at their local shelters. Our cheque presentations are a social media hit, and caring for animals has become an important part of the Canstar Group of Companies' culture, bringing us together in helping the BC SPCA speak for animals"

Canstar Restorations

"Spanning over a decade, Petline is proud to be a committed partner with the BC SPCA. We deeply admire and respect their initiatives aimed at protecting animals and fostering a world where every creature can thrive.
