A BC SPCA camp experience for all of our neurodivergent friends who love animals! Campers will explore the wonderful world of animals in a way that fits them. That means a smaller group, lower staff: camper ratio and adjustments to activities. Campers who need extra support can even bring an assistant or family member to join us.

(drop-off begins 30 minutes before event
start time; pick-up extends 30 minutes past
event end-time)*
