

# No Bake Cat or Dog Treats

**Materials:** mixing bowl, measuring cups and spoon, 3/4 cup pumpkin purée, 2 1/2 cups oats, water

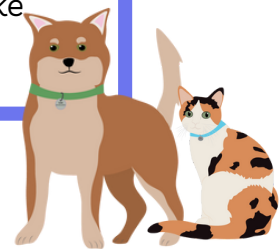

## Directions:

-  In a large bowl, combine  $\frac{3}{4}$  cup of pumpkin purée and  $\frac{1}{4}$  cup of water. Stir well to combine.
-  Add 2  $\frac{1}{2}$  cups of quick oats to the pumpkin mixture and stir well to fully mix the ingredients.
-  Using your hands, roll the mixture into balls. Spread any extra oats on a plate and roll the balls in the oats to create a coating. *Remember, small dogs and cats need smaller treats!*
-  Refrigerate the treats for 24 hours (this helps firm them up) before serving them to your cat or dog.

### Thinking question:

Check out these lists of foods that are toxic for [dogs](#) and [cats](#). What can pet guardians do to make sure their pets stay safe in the kitchen?
